

**PRISM THERAPY LIMITED**  
**COOKIE POLICY**

## **Introduction**

We reserve to right to use cookies, once consented to, and similar technologies (collectively referred to in this policy as “cookies”) to distinguish you from other users when you visit our website and app (collectively referred to in this policy as “website”). This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

This cookie policy is intended to inform you about what cookies are, the cookies we use, and how you can choose or restrict the cookies that are placed on your device.

## **What is a cookie?**

A cookie is a small file of letters and numbers sent by a website’s server that is stored on your browser or the hard drive of your computer.

## **The cookies we use**

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.
- **Analytical or performance cookies.** These cookies allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functional cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for these purposes.

Please note that third parties may also use cookies, over which we have no control. These third parties may include, for example, advertising networks and providers of external services like web traffic analysis services. These third parties have their own security, privacy and cookie policies and you are advised to review these separately.

## **Managing your cookie preferences**

To review or change your cookie consent choices and for a full list of all the cookies in use on our website, along with purpose descriptions and additional information, please table 1.1 below.

Alternatively, you can control cookies through your browser settings. The following links may be helpful, which provide information about how to manage cookies on popular browsers:
